ABOUT ME

Penetration tester in training with hands-on web VAPT and bug-bounty experience. Skilled at identifying XSS, SSRF, IDOR and authorization issues using Burp Suite and manual techniques. Strong communicator who creates clear, actionable vulnerability reports.

EDUCATION

Bachelor of Computer Applications (BCA)
Maharaja Ganga Singh University (MGSU), Bikaner
2023 – Present

Currently pursuing 2nd year with a focus on Cybersecurity and Penetration Testing.
Higher Secondary Education (12th Grade)
Board of Secondary Education, Rajasthan
Completed in 2023

WORK EXPERIENCE

Freelance Penetration Tester / Bug Bounty Hunter
Self-Employed | 2024 – Present

- Conducted vulnerability testing on real-world web applications through platforms like BugBase and Intigriti.
 - Reported valid findings including CORS misconfigurations, IDOR, and rate-limiting issues.
 - Experienced in reconnaissance, session management testing, and manual exploitation using Burp Suite and cURL.
 - Continuously learning advanced attack vectors such as SSRF and authorization bypass.
-
